SKILLS

- Programming: SQL, Python (Pandas, NumPy, Scikit-learn)
- Visualization: Tableau, Microsoft Excel
- Analytics: Data Cleaning
- Data Analysis
- Exploratory Data Analysis (EDA)
- Statistical Analysis
- Predictive Modeling
- Machine Learning
- Healthcare: Cerner EHR
- Electronic Medical Records (EMR)
- Clinical Documentation
- Healthcare Quality Improvement
- HIPAA Compliance
- Clinical Informatics

CERTIFICATIONS

- Registered Respiratory Therapist (RRT)
- Advanced Cardiovascular Life Support (ACLS)
- Basic Life Support (BLS)

Registered Respiratory Therapist with 11+ years of experience in critical care, infectious disease, and acute care settings. Master of Science in Data Analytics with expertise in SQL, Python, Tableau, Excel, machine learning, and healthcare analytics. Experienced in analyzing clinical data, developing dashboards, identifying quality improvement opportunities, and translating complex healthcare data into actionable insights. Strong knowledge of Cerner EHR, clinical workflows, HIPAA compliance, and interdisciplinary collaboration.

EXPERIENCE

April 2019 - Current

Respiratory Care Practitioner *Texas Center for Infectious Disease (Texas Department of State Health Services)*, San Antonio, TX

- Deliver specialized respiratory care for patients with infectious diseases and complex pulmonary conditions.
- Analyze patient assessments, laboratory data, ventilator settings, and treatment outcomes to support evidence-based clinical decisions.
- Document patient care and respiratory interventions using Avatar EHR.
- Participate in quality improvement initiatives by monitoring respiratory performance indicators and patient outcomes.
- Collaborate with physicians, nurses, pharmacists, infection prevention specialists, and case managers.
- Mentor respiratory therapists, students, and newly hired staff.
- Administered respiratory therapies to patients with complex infectious diseases.

February 2015 - January 2026

Registered Respiratory Therapist *Northeast Baptist Hospital (Tenet Healthcare)*, San Antonio, TX

- Provided respiratory care in ICU, Emergency Department, and acute care units.
- Managed mechanical ventilation, oxygen therapy, airway management, and emergency respiratory interventions.
- Performed comprehensive patient assessments and documented care using Cerner EHR.
- Supported departmental quality improvement initiatives and multidisciplinary patient care.

EDUCATION

January 2026

Master of Science Data Analytics
Eastern University, PA

January 2024

Bachelor of Science Respiratory Care
Texas State University, San Marcos, TX

June 2014

Associate of Science Biotechnology | Respiratory
Bunker Hill Community College, Charlestown, MA

DATA ANALYTICS PROJECTS

Predicting Ventilator Weaning Success Using Machine Learning, Collected, cleaned, and analyzed clinical datasets., Built Logistic Regression and Random Forest predictive models., Evaluated models using Accuracy, Precision, Recall, F1-score, and ROC-AUC., Presented findings using Tableau dashboards., Healthcare Quality Dashboard, Developed interactive Tableau dashboards to monitor respiratory quality metrics., Visualized ventilator utilization, patient outcomes, and operational performance., Created executive reports supporting clinical leadership., Clinical Outcomes Analysis, Analyzed demographic and clinical datasets to identify healthcare trends., Applied statistical analysis to support quality improvement initiatives., Presented findings using data visualization techniques.
